

5th European Open Space Learning Exchange

November 9. - 12. 2017

A unique chance to meet others European colleagues and learn how they are using Open Space in their work and daily practice.

We welcome you to Iceland for a wonderful learning exchange experience. It has been held earlier, in Paris. 2009, Cagliari. 2011, Utrecht 2013, and Donostia.2016. The Learning Exchange is thus only held on the years in which the World Open Space on Open Space (Wosonos) is not held in Europe. This year the Wosonos is in Taiwan in October. This year we meet for a European exchange in [Keflavík, Iceland](#), ten minutes drive from the Keflavik international airport. Keflavik is a small and calm fishing village, half an hour's drive from the Northernmost capital in the world, Reykjavík.

Living, experiencing and working in Open Space for three days with people from all over Europe interested in Open Space Technology. How does it work? Why does it work? How can I make a living with it? What is selforganisation, anyway, and what does it have to do with Open Space Technology? What is it useful for? Why are people so enthusiastic about it?

We will start on the evening on the 9th at 18:00 (local time), continue for two more days in Open Space November 10th and 11th. We will do Action Space (designing next steps) after a good long lunch break and finish with a closing ceremony on Saturday, November 11th. A wondrous excursion around the Reykjanes peninsula is planned on Sunday November 12th where we experience the local landscapes and other curiosities.

What can you expect?

Two days of intensive Open Space discussions with colleagues from around Europe:

- Deepen Open Space Principles in your work and live.
- Connect with Other Open Space practitioners.
- Share your experience and exchange ideas.
- Reflect on how we can expand our practice with Open Space.
- Refresh and have fun!

An extra day - “Learning by walking about” for those who have the time - for an Excursion / Open Space , networking, discussions and brainstorming day.

Iceland in November

November is an excellent time for Northern Lights Excursions, Geothermal Baths, (NB, if you do want to visit the [Blue Lagoon](#), you will have to book a visit, weeks in advance, but locals are quite happy with the [local swimmingpool](#)) Horse Riding, Whalewatching and Sightseeing of

Tectonic Forces, Waterfalls and Geysers. If you manage to get away for a day or two, then we will be happy to help you organize an unforgettable experience.
